THE FUTURE IS HERE. ARE YOU IN?

Dear Lynndee,

Technology is transforming the day-to-day job of an officer. If you'll be at this year's IACP, swing by our booth (2825) to see the latest ways we're helping officers spend more time in the community and less time doing paperwork. Plus, you can learn more about a new program that gives select agencies early access to new technologies and helps them stay on the cutting edge.

Going to IACP?

YES, I'M IN

NO, BUT KEEP ME UPDATED

Sincerely,

Axon
Protect Life

EMPOWER OFFICERS WITH THE TECHNOLOGY THEY NEED

81% of officers in large agencies said their department has not done very well in equipping them adequately to perform their job. We want to help change that. That's why we're offering a free camera to every officer in the U.S.

Join us during our upcoming webinar, where you'll learn all the details of this offer.

Subject: New name. Same mission.

[Display issues?](#) [View in browser](#)

Dear Lynndee,

Earlier today, I made a few big announcements. If you weren't online to watch the livestream, you can still [get caught up](#) on the news.

The first is that we are changing our corporate name from TASER International to Axon. We're very grateful to the men and women of law enforcement who have helped us become the company we are today, and we're now much more than TASER weapons. Of course, TASER will continue to be the name of our CEW products, but will be a focused product brand, rather than a company name. We've grown into an entire network of devices, apps and people that is revolutionizing public safety around the world. In fact, we have a [new video](#) that shows how, which I encourage you to check out.

Our future starts now, with the second announcement I made: To help agencies get the technology they need, we're offering agencies nationwide a free one-year trial* of our cameras, software and training. Agencies across the country are seeing huge impacts when they give officers the equipment they need to keep themselves and their communities safer. And they're seeing time and cost savings that make the value of this technology obvious. We want other departments to realize these same benefits, starting with rigorous field testing that will help them make an informed decision.

We encourage all providers of body cameras to make similar offers to allow agencies to trial these new technologies and make informed decisions based on experience rather than paperwork and PowerPoints. The details of this promotion are available at www.axon.com/offer. Please reach out if you have any questions.

Thank you for the work you do every day. Our mission to protect life is more focused than ever, and we ask for your support as we move forward under the new Axon corporate name.

Stay safe,

Rick Smith

Axon CEO & Founder

[Display issues?](#) [View in browser](#)

THE TRUTH IS ON YOUR SIDE

Dear Lynndee,

With the Axon Signal Sidearm, you can now capture vital footage without lifting a finger. When you remove your sidearm from its holster, the wireless sensor detects the change and alerts certain Axon cameras within 30-feet so they can begin recording. The best part is it works with the majority of existing holsters, so you can add this key capability without the need for all-new equipment.

Want to learn more? Call 800-978-2737 or visit axon.io/signal to get early access to the Signal Sidearm.

To: Lynndee Gomes
Subject: Taser Training Info

Thank you for your inquiry as to why you have not received your certificate.

Your master instructor has to go online and notate the class/students as "Completed". The system then looks to see if payment of either a check or credit card was received for payment. If both those factors are fulfilled, you should have received an email with your certificate.

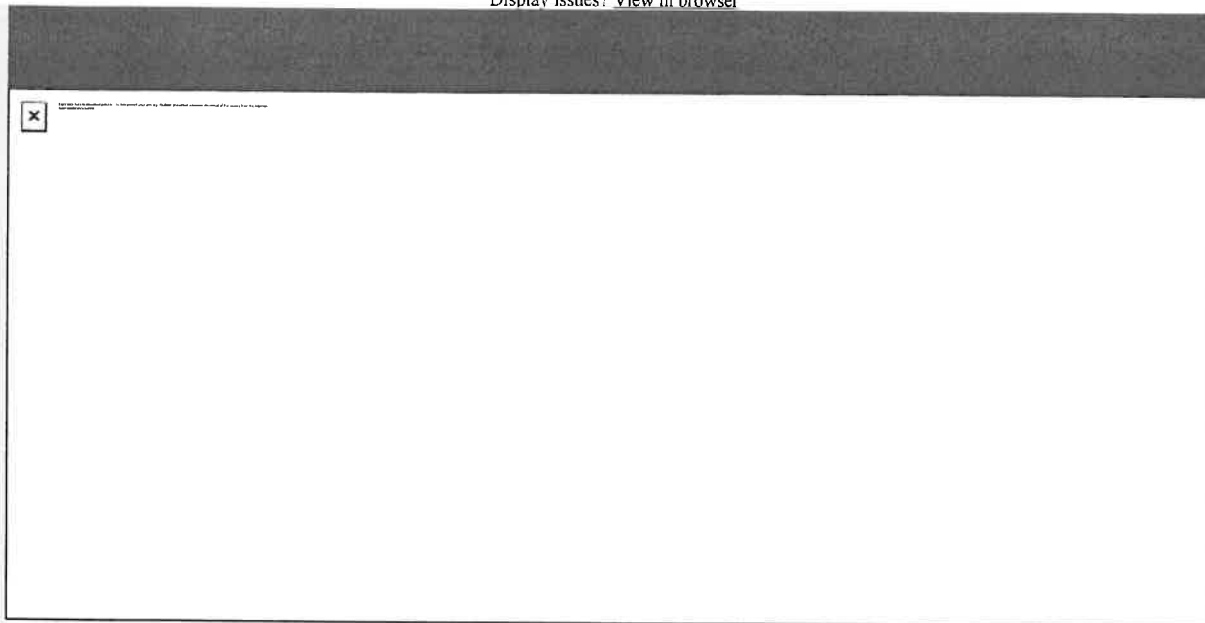

You may also access your certificate by going to your student portal again, where you complete the online training. Go to <https://www.taser.com/training> and click on "Search Upcoming Classes". Log into your Communities account. Click on the "Go to my training" button toward the top of the page, listed above the class schedule. Click on the class listed under your "Enrolled Class(es)" box of your student portal. If your certificate is available to you, you'll have a "View Certificate" button in the upper, right corner of the page.

Sincerely,

TASER Training Department

Subject: TASER Host Requirements
Attachments: TASER COURSE HOST REQUIRMENTS.pdf

Follow Up Flag: Follow up
Flag Status: Flagged

Good Day!

Due to the lack of interest for the Evidence Collection & Analysis (ECA) course, I require a list of 10 persons who will be registering for it in order to set-up the class.

Attached are the host requirements for your review, which are subject to change. I will need the following information in order to set-up a class:

1. Address of training site INCLUDING shipping address if different
2. Contact person with email and phone number
3. Dates on when you'd like to host (at least 90 days out)
4. Refer to the Training Events page of our website, www.taser.com, to ensure your site is at least a 2 hour drive from one already posted. If within that distance, you'll need to push your dates out another 2 months

If you have yet to sign up for our TASER Communities, please do so now from <https://communities.taser.com/support/CommunitiesSelfRegSecure?lg=1&refURL=http%3A%2F%2Fcommunities.taser.com&typ=LE>. All persons are now required to sign up, in order to view our training schedule and register for a course.

****TASER reserves the right to refuse any department or company to host any course, without reason.****

Sincerest regards,

Jennifer Bliven
Training Coordinator

TASER | Axon
Protect Life. Protect Truth.

TASER COURSE HOST REQUIREMENTS

Instructor Course Host Requirements

If you are interested in hosting an **X26, X26P and X2 Instructor course**, please choose the dates (two days) on which you would like to host the practical application portion of the course. Access our calendar from www.taser.com/training for availability. If you have yet to sign up for our TASER Communities, please do so by choosing "Sign UP" from the log-in screen. All persons are now required to sign up, in order to view our training schedule and register for a course.

We cannot have more than one class within a two hour drive of an agency that is already hosting. If there is such a class already posted, you may provide dates that are two months in future, past the month that class is hosting. We don't hold two classes in the same location, within two months of each other.

Host agencies are required to notify neighboring agencies of the training in order to maximize enrollment. The dates need to be a minimum of **90 days/ three months in advance** to have enough time for sufficient enrollment and for online access. It takes approximately three weeks to set up a class once the host email has been received. Registration will close 16 business days before the practical session. Hence the reason for needing at least three months' notice.

Prices are \$435 for new certification and \$225 for recertifying Instructors. We will need at least 10 people to hold the training with a maximum of 25 attendees. The host agency will receive a total of three FREE TASER host spots for hosting the class. All registration and payment is handled directly by TASER, via our Training pages of www.taser.com/training.

For hosting an Instructor course, the following items need to be provided:

- 25-30 person training room
- Power Point projector, screen and audio capabilities for presentation
- Accessible coffee, water, and/or soda for students
- Internet access is REQUIRED to be provided for both classes
- Training mats/wrestling mats – Instructor Only
- Target backers (either plywood, foam core, etc.) – Instructor Only
- Latex gloves, bandages, and anti-septic wipes – Instructor Only

When you have confirmed your wish to host a course, please send me an email to jennifer@taser.com with the following information:

- **Full address of training site INCLUDING shipping address if different**
(There MUST be someone at the shipping site who can sign for the materials)
- **Contact person with email and phone number**
- **Dates you would like to host the course (MUST be at least 90 days in advance)**
 - Refer to the Training page of our website, www.training.com/training, to ensure your site is at least a 2 hour drive from one already posted. If you are within that distance, you'll have to push your dates out by at least 2 months

ECA Course Host Requirements

This TASER CEW forensic style course is \$200 per person. We require a minimum of 10 persons to hold the class, with a maximum capacity of 25 persons. All registration is required to be completed no later than 16 business days before the course dates, through www.taser.com/training. ONE FREE seat given to host agency for holding the class.

When you have confirmed your wish to host a course, please send me an email to jennifer@taser.com with the following information:

- **Full address of training site INCLUDING shipping address if different**
(There MUST be someone at the shipping site who can sign for the materials)
- **Contact person with email and phone number**
- **Dates you would like to host the course (MUST be at least 90 days in advance)**

Thank you for inquiring!

Jennifer Bliven - TASER Training Coordinator

Jennifer@TASER.com

****TASER reserves the right to refuse any department or company to host any course, without reason. If we are informed that you were unable to meet our requirements outlined above, then you will not be permitted to host again without further review****

A MORE EFFICIENT WAY TO MANAGE EVIDENCE

With Evidence.com, you can automate your agency's workflows, so your officers spend less time at their desks and more time in the field. Read on for more about Evidence.com's capabilities and other news.

WEBINAR: THE POWER OF EVIDENCE.COM

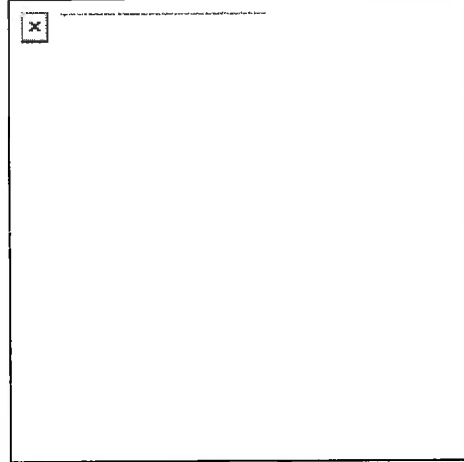

Join our upcoming webinar to learn about the unmatched workflow of [Evidence.com](#). You'll see how [Evidence.com](#) offers all the tools you need for sharing files, redaction, transcription, and more.

December 20, 10am Pacific / 1pm Eastern

LEARN MORE

OVER 40 MAJOR COUNTY PROSECUTORS ON EVIDENCE.COM

Prosecutors across the U.S., including over 40 Major Counties, have swapped DVDs for Evidence.com. This lets them easily store, review, and manage videos and other files from agencies like yours. **LEARN MORE ABOUT E.COM FOR PROSECUTORS**

CHOOSE THE PLATFORM, NOT THE CAMERA

Don't invest in just cameras or storage. This is your chance to automate workflows, reduce paperwork, and adopt a platform that will define an era of smarter policing. **READ MORE**

FACT, NOT FICTION

FICTION: Evidence.com requires more maintenance upkeep than other evidence management systems.

FACT: We're different from other systems, where you run an application in your local server and need IT staff to upgrade and maintain the latest software updates. With Axon, you don't have to worry about software upgrades. Because we offer a fully cloud-based solution, we do that for you, and boast a rate of <0.01% downtime.

OTHER TASER & AXON NEWS

CANCELLATION POLICY

CANCELLATION POLICY: To avoid any penalties, registrations for classes must be canceled or rescheduled at least 6 business days prior to the start date of the class by contacting Training@TASER.com. If a notification to cancel or reschedule the class is provided less than 6 business days prior to the start date of the class, then you will be required to pay for 100% of the class tuition (through invoice or deduction of training credits) immediately after class completion.

CANCELLATION LIABILITY

TASER may elect to cancel or reschedule a course at any time. If this occurs, TASER will make every reasonable effort to notify customers. However, travel arrangements are the responsibility of the student. All training is non-refundable and TASER assumes no liability for any cancellation fees that may be incurred. TASER encourages all customers to purchase refundable or transferable tickets if traveling to class. We are available to answer any registration questions at Training@TASER.com.

Thank You,

Subject: Welcome to the TASER Law Enforcement Community!

Hello Lynndee Gomes,

Your request to join TASER Law Enforcement Community has been approved – welcome! You can now access a wealth of information and resources about TASER products and get answers to commonly asked questions.

Your username is lgomes@fontana.org.

To use the community most effectively, here are the top features and activities that can help you get up and running:

1. Login and set your password
2. Look for answers to common questions in our database or post your own
3. Check open MyCases, which are issues that you may need assistance with that you can report to TASER
4. Register your products, which allows you to track them and easily order accessories or replacement items

Again, welcome to TASER Law Enforcement Community. We hope you find the information helpful!

Thank you,

Hello Doug Locey,

Valarie Taylor (vtaylor@taser.com) has sent you a message related to Ontario, CA TASER CEW V20.2 Instructor Course

TASER TRAINING REMINDER: Good afternoon TASER Students!

Thank you for enrolling to our TASER CEW Instructor course! I wanted to send a notification to please pay special attention for the course TYPE that you've enrolled (X26P ONLY, X2 ONLY or combo of X26P and X2). That choice will be reflected in the confirmation email of enrollment you received and in the online course modules you will complete (opens 21 days in advance of training date). If you choose X26P only, you will not be able to use the X2 or be certified on the X2 at the actual course. If

you choose X2 only, you will not be able to use the X26P or be certified on the X26P at the actual course. (If you chose the combo X2 and X26P then you're good for either)

If your registration is incorrect and you need to choose a different CEW to be certified on, you will need to complete the steps below:

1. Log into <https://academy.axon.com>
2. Click the course listed under "My Events" of your home page
 - a. At this point you may verify what you enrolled for by the package or class type
(Taser CEW Instructor Certification for X2 and X26P)
(Taser CEW Instructor Certification for X2)
(Taser CEW Instructor Certification for X26P)
3. Click "Transfer"
4. Choose the SAME LOCATION with the correct CEW(s) you want (X26P only, X2 only or combo of X26P & X2)

If you have difficulties completing this, please contact training@taser.com. You will still be required to complete the necessary modules that fit that actual CEW(s) before attending the practical day.

Enjoy the class & Be Safe!

Jennifer Bliven

TASER Training Administrative Manager

Hello Doug Locey,

Valarie Taylor (vtaylor@taser.com) has sent you a message related to Ontario, CA
TASER CEW V20.2 Instructor Course

TASER TRAINING REMINDER: Good afternoon TASER Students!

Thank you for enrolling to our TASER CEW Instructor course! I wanted to send a notification to please pay special attention for the course TYPE that you've enrolled (X26P ONLY, X2 ONLY or combo of X26P and X2). That choice will be reflected in the confirmation email of enrollment you received and in the online course modules you will complete (opens 21 days in advance of training date). If you choose X26P only, you will not be able to use the X2 or be certified on the X2 at the actual course. If you choose X2 only, you will not be able to use the X26P or be certified on the X26P at the actual course. (If you chose the combo X2 and X26P then you're good for either)

If your registration is incorrect and you need to choose a different CEW to be certified on, you will need to complete the steps below:

1. Log into <https://academy.axon.com>
2. Click the course listed under "My Events" of your home page
 - a. At this point you may verify what you enrolled for by the package or class type
(Taser CEW Instructor Certification for X2 and X26P)
(Taser CEW Instructor Certification for X2)
(Taser CEW Instructor Certification for X26P)
3. Click "Transfer"
4. Choose the SAME LOCATION with the correct CEW(s) you want (X26P only, X2 only or combo of X26P & X2)

If you have difficulties completing this, please contact training@taser.com. You will still be required to complete the necessary modules that fit that actual CEW(s) before attending the practical day.

Enjoy the class & Be Safe!
Jennifer Bliven
TASER Training Administrative Manager

Event details: <https://academy.axon.com/events/1572/view/>

Taser CEW Instructor Certification for X26P / \$325 / Jul 18 8:00 AM - 5:00 PM

Online Component

Online Start Date: Wednesday, June 27, 2018 12:00 AM PDT

Online Completion Required by Date: Sunday, July 15, 2018 8:00 AM PDT

**** NO EXCEPTIONS will be made once online course has closed ****

Location

San Bernardino Police Dept

710 North D Street

San Bernardino, California , 92410

United States

Description

TASER X26, X26P and X2 Instructor certification - This online and practical day course will certify you to instruct others on the use of one or more of the X26, X26P AND X2 TASER Conducted Electrical Weapons. The online portion is a prerequisite to attend the practical schedule day.

What To Bring:

The dress is casual. Bring your department issued TASER holster (if applicable). Holsters will be available for those who need them. Please bring your duty belt with NO firearms, ammunition, or weapons of any kind.

Reminder:

The online portion of this course is required to be completed BEFORE the date and time listed above. The online portion will then lock and not be reopened. If you were unable to complete the online portion as required, you will not be permitted to attend the class and will either have to transfer or cancel your enrollment.

All check or credit card payment arrangements are must be made no later than 21 days before the training dates or enrollment is automatically canceled. Should you need to request an extension, please contact training@taser.com with reasoning and payment information.

All Instructor courses close, whether or not they're full, 21 days in advance. Once a class is closed or full, additions may not be made.

Good Morning!

Sergeant Scott Snyder attended an Instructor class on December 12-13, 2016 at the San Bernardino Sheriff's Academy. We are having trouble retrieving his certificate from his training profile and would like to know if the certificate could be sent by email. When logging on to his profile, we are able to see the certificate but once clicking on it, it takes him to an alternate website asking for another login?

Thank you for your time.

Sincerely,

Lynndee Gomes

If you need a hotel recommendation or directions, please contact at or .

Master Instructor John Tinder

YOUR CONTACT INFORMATION

Name: Scott Snyder

Email: ssnyder@fontana.org

****Please note that all certificates will be held until actual payment funds (by check or credit card only) have been received****

CANCELLATION POLICY

CANCELLATION POLICY: To avoid any penalties, registrations for classes must be canceled or rescheduled at least 6 business days prior to the start date of the class by contacting Training@TASER.com. If a notification to cancel or reschedule the class is provided less than 6 business days prior to the start date of the class, then you will be required to pay for 100% of the class tuition (through invoice or deduction of training credits) immediately after class completion.

CANCELLATION LIABILITY

TASER may elect to cancel or reschedule a course at any time. If this occurs, TASER will make every reasonable effort to notify customers. However, travel arrangements are the responsibility of the student. All training is non-refundable and TASER assumes no liability for any cancellation fees that may be incurred. TASER encourages all customers to purchase refundable or transferable tickets if traveling to class. We are available to answer any registration questions at Training@TASER.com.

Thank You,

TASER Training Department

Good Morning Joseph,

We received City Council approval last night for the funding of Taser's.

I have attached the signed quote Q-143350-2.

Our department purchase order # 180809 is currently being routed. You will receive an email copy in the next couple of days.

Please let Rachel or I know if there is anything else you need from us.

Thank you,

Michelle Blank

Importance: High

Good Afternoon Joseph,

Could you please send me your sole manufacturer letter with Axon on it? I have the old one with Taser dated 2/16/16 (See Attached).

Thank you for your assistance,
Rachel Lopez

Dear Michelle,

I'm part of Axon's market research team that works to understand how an agency like yours uses technology. We'd appreciate your feedback on this short [survey](#) which takes less than 5 minutes to complete.

Here at Axon, we know we can only build great products by understanding the kind of technology you need to serve your community—and this is part of that effort.

Thanks in advance for your time!

Kind Regards,

John Strohschein

Project Manager

Dear Michelle,

My name is Noah, and I'm a product manager at Axon (formerly known as Taser International). I'm working on a great new product for Axon, and I'm wondering if you can take a super quick survey to help us out?

It'll take less than a minute to complete.

TAKE THE SURVEY

Thank you!

Noah Spitzer-Williams
Product Manager

Subject: New name. Same mission.

Display issues? [View in browser](#)

Dear Michelle,

Earlier today, I made a few big announcements. If you weren't online to watch the livestream, you can still get caught up on the news.

The first is that we are changing our corporate name from TASER International to Axon. We're very grateful to the men and women of law enforcement who have helped us become the company we are today, and we're now much more than TASER weapons. Of course, TASER will continue to be the name of our CEW products, but will be a focused product brand, rather than a company name. We've grown into an entire network of devices, apps and people that is revolutionizing public safety around the world. In fact, we have a new video that shows how, which I encourage you to check out.

Our future starts now, with the second announcement I made: To help agencies get the technology they need, we're offering agencies nationwide a free one-year trial* of our cameras, software and training. Agencies across the country are seeing huge impacts when they give officers the equipment they need to keep themselves and their communities safer. And they're seeing time and cost savings that make the value of this technology obvious. We want other departments to realize these same benefits, starting with rigorous field testing that will help them make an informed decision.

We encourage all providers of body cameras to make similar offers to allow agencies to trial these new technologies and make informed decisions based on experience rather than paperwork and PowerPoints. The details of this promotion are available at www.axon.com/offer. Please reach out if you have any questions.

Thank you for the work you do every day. Our mission to protect life is more focused than ever, and we ask for your support as we move forward under the new Axon corporate name.

Stay safe,

Rick Smith
Axon CEO & Founder

RECORD WITHOUT LIFTING A FINGER

Dear Michelle,

With the Signal Performance Power Magazine (SPPM), your TASER X2 or X26P Smart Weapon reports when it is armed so your Axon cameras may start recording.

The SPPM lets you focus on the field—not your technology. It works with Axon Body 2, Axon Fleet, and Axon Flex cameras to effortlessly record when a TASER Smart Weapon is armed.

Watch this video to see how the SPPM can help you do your job without distractions.

AXON JOURNAL

FEBRUARY 2018

This issue of the Axon Journal features articles by some of our most exciting Accelerate 2019 speakers. Over the coming months we'll be sharing more content from our speakers – giving you a little taste of the information and thought leadership that will be in abundance at the conference.

×

THREE MAJOR IMPACTS OF 5G ON IN-CAR VIDEO

Right now, 5G technology is dominating the conversation in the communications industry with claims of “wire-like” speeds and experience. This means incredibly fast upload and download speeds with incredibly low latency – which will be fantastic for consumers who want faster accessibility to high quality pictures, videos, games, etc. But what does this mean for law enforcement? How will 5G impact your day-to-day operations? When thinking about in-car video systems, there will be no less than three areas of significant impact.
